THE INNOVATORS OF COMFORT™

THE COMFORT COLLECTION  
2011/2012

# Stressless® – 40 years of innovating Comfort

Every Stressless® is part of a long and honorable story, starting forty years ago, when the first recliner left our assembly line. So, while we've been producing the world's finest recliners, we've also been thinking and rethinking the whole concept of comfort. From that moment on, 40 years ago, every new Stressless® has kept on pushing the limits and re-innovating what is known as optimal comfort.

Style and good looks are important too, but in the end, it's all about how wonderful your body feels when you are seated. That's why, some twenty years ago, we introduced the Stressless® sofa. This way, more people could share the comfort, and the Stressless® family could grow.

In our quest to make the ultimate seat, we've invented new technology such as the Plus™ System and the Stressless® Glide System to our patented design, as well as our newest innovative feature, Comfort Zone™. All these unique features are there for one reason; to make you feel as comfortable as possible.

Ultimately, the only way to fully appreciate our comfort innovations is to try one for yourself. Then you'll agree that comfort starts and ends with the word Stressless®.

## Comfort is... being perfectly relaxed wherever you're seated

Stressless® is all about what manufacturing furniture should be about: innovative solutions and smart accessories that never compromise with the comfort you experience when you sit or lie down. All we ask of you is to sit and relax, and we'll guide you in the right direction – whether it is a Stressless® recliner or sofa, a fixed back Stressless® sofa with ErgoAdapt™, functional Stressless® tables, a home theater setup or a practical double ottoman.

*Stressless® Ezoo sectional with Long Seat is shown in Batick Snow/Steel legs. Stressless® Magic Medium Recliner shown in Batick Snow/Black Wenge. Stressless® Flexi Table. Our complete range of models is shown on pages 62-67.*

The headrest adjusts automatically, so you can read and watch TV, even in a reclining position.

The Plus™ system adjusts the lower back support simultaneously with the headrest. Upright or reclined, you're always perfectly supported.

Lower the headrest to the sleep position with one simple movement.

NEW

Comfort Zones™ gives you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner.

Adjust the Stressless® Glide wheels to the setting of your desire. You can automatically shift to any seating position simply by using your body weight.

Easy-to-move ottoman features built-in Glide system that adjusts to your body movement for ultimate comfort.

## DISCOVER THE SECRETS OF PERSONAL COMFORT

- ① The perforated foam is molded directly over the frame. The indentations in our new Comfort-Zones™ technology let your body sink deeper into the seat, giving you an overall embraced feeling for even more enhanced personal comfort.
- ② An additional pad of soft space-age foam ensures optimum comfort.
- ③ Super-soft polyester fiber cushions your body and ensures an attractive look.
- ④ Durable steel frame and flexo springs for superior resilience and continuous support.
- ⑤ Plus™ system provides continuous support for your head and lower back. Double-sided mechanism ensures maximum stability and functionality.
- ⑥ Genuine top-grain leather or fabric covers the entire seat, for a luxurious look and feel.
- ⑦ Unique Stressless® Glide system automatically adjusts to your body weight.
- ⑧ Two-stem base adds superior stability.
- ⑨ For maximum mobility, swivel actions lets you easily turn 360°.

*To find your perfect match, simply take our Comfort test™. This will show you all the advantages and features that only a Stressless® can offer.*

## PERSONALIZED COMFORT

We all come in different shapes and sizes, and when it comes to personal comfort we want to give you the freedom to choose. That's why most Stressless® designs are available in three sizes, some in two – so you can choose the one design that complements your frame.

## IT'S SIMPLY STRESSLESS® MAGIC

Let your body sink into the seat. Stretch out. Close your eyes. Drift away. It's simply magic! The Stressless® story started back in 1971. Ever since, our ambition has been to produce the world's most superior recliner and sofa. With Stressless® Magic, our most comfortable recliner so far, we take comfort to a new level. The extremely soft cushioning embraces your whole body and lets you feel what comfort is all about. Magic!

*The Long Seat automatically tilts down, giving your legs perfect support when seated, while staying completely flat when you prefer to lie down.*

## STRESSLESS® SOFA WITH **ErgoAdapt™** – WHETHER YOU SIT OR LIE DOWN

Sit down and feel your body submerge into the soft cushion of a Stressless® E200, E300 or Long Seat. Experience how the sofa adjusts to your body, providing you with a perfect sitting angle. Now, do the same lying down. The feeling is the same; only now the seat stays completely flat. Ultimate comfort. That's the geniality of the ErgoAdapt™ system. It is built into the seat base and provides you with optimal comfort, whether you wish to sit or lie down.

NEW

### SIT EVEN BETTER!

Where the ErgoAdapt™ system provides you with the best comfort, whether you wish to sit or lie down, our new and flexible headrest makes the seating experience even better. The eccentric movement of the headrest is easily adjusted by a handgrip, allowing you to find your optimal seating position, as shown in the picture above. The headrest can be used on existing E200 or E300 units, and is easily mounted without tools. The Long Seat has its own specially adapted headrest with the same innovative functions.

## WE TAKE OUR FABRICS SERIOUSLY

We take great pride in which textiles we choose as our Stressless® fabrics. Our specially selected fabric collection meets the most stringent requirements in the furniture trade. In fact, our international group of experts spent over a year selecting those that met the stringent demands of our new fabric range. Flame-retardant, eco-friendly and super-strong, without losing their exclusive feel and, of course, they are available in the latest color-trends and textures. We believe the final results are the best and most comfortable fabrics on the market.

Read more about fabrics and maintenance on page 61.

## COMPLEMENTING DESIGN

Stressless® offers a wide range of designs that complement each other perfectly. This way you don't need to worry about not finding a matching chair or sofa – and you certainly don't need to compromise when you decorate your home. Just find the furniture that suits you and match it with a complementing design. As shown in the picture to the left, the Stressless® Wave and the Stressless® Atlantic (M) are a perfect match.

## IT'S ALL IN THE DETAILS

What often defines the difference between a good seating experience and a great seating experience – are the neat and clever details. The Stressless® Easy Armrest Table is such a detail. The clever design fits perfectly on top of the armrest, making it a practical and steady table. See page 67.

## SUIT YOURSELF

There's a time and place for everything. That's why we've created several chair- and sofa designs that come in both high- and low-back versions to suit your needs and wishes. Fabrics and leather in a dynamic and stunning combination goes perfectly well, especially when you combine two matching models like Stressless® Wave and Stressless® Pacific (L).

## COMFORTABLE ONLINE

Lean back comfortably. Surf the web and read your e-mails. Your favorite recliner is the perfect place to type away on your laptop. The only concern is that your thighs heat up, as the computer gets hotter. Not to worry. The ultimate solution is the Stressless® Personal table. It provides a firm and stable workspace directly above your lap. You can move around, and enjoy all the comfortable, ergonomic advantages a Stressless® recliner offers. When you're finished, simply swing the table aside and fold it down alongside the recliner.

## IN RHYTHM WITH STRESSLESS® BLUES AND STRESSLESS® SOUL

Chill out. Close your eyes. Feel the rhythm. Experience the seat responding to your slightest movement, exactly as the lead vocal responds to the smallest clash from his guitar. Meet Stressless® Blues and Stressless® Soul. Stylish, soft and sophisticated. We've combined a sleek stainless steel frame and classical Stressless® lines, accompanied with the patented Stressless® features, to create a new blend of comfort and style. Exactly as a musician would compose it – in rhythm.

### EXCEPTIONAL COMFORT

Stressless® promises exceptional comfort. Every Stressless® is built with this in mind, as is the matching ottoman. When you lie back in a recliner, your legs move slightly forward and down. The geniality of the patented built-in glide function will make the Stressless® ottoman automatically tilt and lower your feet. This makes the world's most comfortable recliner even more comfortable. By locking the ottoman in a fixed position you can use it as an occasional extra seat.

## WHY SIZE MATTERS

Living rooms come in different shapes and sizes. That's exactly why we offer several sofa designs in two sizes. Take a closer look at the Stressless® Eldorado on this page, and Stressless® Granada on the next, and you'll see what we mean. They're basically the same sofa, but the difference in size allows more comfort-lovers to have one at home.

## Comfort *test*™

- Are the height and width of the chair right for you?
- Is the ottoman positioned in the right place to give you maximum leg support?
- Does the chair and ottoman move with you as you shift positions?
- Does the gliding movement smoothly adjust to your body weight?
- Does the chair provide good lumbar support in all positions?
- Is your head supported comfortably as you lie down to read or watch TV?
- Can you adjust the headrest so that it lies flat when you recline?
- Do you have the feeling that the seat back reclines sufficiently?
- Are you aware of how your entire body relaxes?
- Is the recliner complemented by a matching reclining sofa?

## BLOCKBUSTING COMFORT

The light is dimmed; someone is taking a sip of his or her soda. You hear the faint rustling of a candy bar being opened to your right. The screen lights up and you recline to your preferred seating position.

Regardless of the movie's length, your body doesn't stop moving. In fact, your body moves more than 300 times during a film. In other words – this is the perfect place for a Stressless®.

A Stressless® home theater setup looks great. But good looks can get you only that far. What's unique are the Stressless® features that provide exceptional comfort and clever storage solutions that bring tidiness to your living room.

That's what we mean by blockbusting comfort!

## PERFECT NECK SUPPORT IN ANY POSITION

Whether you are sleeping, reading a book or watching TV, the height-adjustable neck support ensures that your neck is taken care of. The angle will change as you stretch out, even when fully reclined. One simple movement can activate the sleep function and flatten it almost completely.

## A REAL HAPPY ENDING

A good movie grabs you and holds you in your seat. That's exactly why we created the Stressless® Double ottoman, the Sector and the Sector Arm. Place your remotes, popcorn, candy or beverage on, or in, the neat storage places that also function as tables. With Stressless®, good movies get even better.

## SIMPLY GREAT

When you sit down, it feels great. When you look at it, it looks great. When you see a movie from it, it heightens the movie experience. The patented Plus™ system lets the neck support move in parallel to the lumbar support. Together with the height-adjustable headrest, you're good to go for hours in front of the big screen. Choose between the ordinary armrest, enjoy the practical features of the Stressless® Easy armrest table or the Stressless® Corner table. Perhaps you desire the multifunctionality of the upholstered Sector or Sector Arm that can replace the armrest in fixed arrangements. Watching a movie from a Stressless® home theater setup is simply remarkable.

The Stressless® Sector (SC) and Stressless® Sector Arm (SCA) with table is upholstered like the sofa and hides a storage space under its top. The Sector/Sector Arm also functions as an armrest, which is why setups with Sector/Sector Arm should be treated as a fixed unit.

Ekornes® Corner Table (CT) combines the need for a table with the need for individual positioning of the chairs and sofas. The Corner Table is free-standing, allowing you to re-organise the furniture when needed. Corner Table can be placed with any chair/sofa combination.

**Stressless** EKORNES® OFFERS FOUR TYPES OF LEATHERS – EACH IN A FULL RANGE OF COLORS

**BATICK** is a corrected, pigment improved and grain embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone color effect to liven up the surface. Batick is resistant to fading, although changes in color will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent durability and a reasonable price make Batick a good choice.

**CLASSIC** is a corrected, pigment improved and grain embossed upholstery leather. Classic is somewhat thicker and has a larger pebbled grain than Batick. Most of its natural marks are removed. Also some of the Classic colors have a two-tone color effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Classic is a wise choice if you want leather with excellent durability.

**PALOMA** is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may however vary a little at some parts of the furniture and also minor color nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy duty quality and protection as Batick and Classic. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

**ROYALIN** is the most exclusive of Ekornes's leather types, but also the most vulnerable. Royalin is a type of leather with natural pebbled grain and structure, and may have minor color nuances and some natural marks. This is characteristic for a natural material such as Royalin. A very light surface treatment provides a certain protection, but Royalin absorbs moisture easily, and is extra vulnerable to wear and tear, heat, sunlight, spills and perspiration. This requires greater care in use and more vulnerability to influence from direct contact with human skin (especially from neck/hair and hands). Royalin has the softness and a rich warm glow that characterize first class furniture leather. Variances including grain pattern and color are an inherent feature within Royalin leather and are a natural mark of high quality.

**Ekornes® upholstery leather**

Ekornes is one of Europe's largest consumers of leather. We purchase the leather from selected tanneries all over the world. Our own inspectors take part in the leather selection, which is conducted in accordance with international norms for quality determination. The experience we have gained from this work is for your benefit when you buy Stressless® or Ekornes® leather furniture. Our leather is manufactured according to current laws, guidelines and recommendations on durability, and for the use and content of chemicals and other substances. We are cooperating with recognized international institutions in this line of business to ensure that we are updated at all times with events relating to health, safety and the environment.

**The leather for our furniture is a natural material that comes from cattle hides.**

When the hide has gone through a tanning process and further processing to achieve the correct durability properties, it is called leather. One characteristic of a hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors and will therefore be marked by external influences like insect bits, tears, scars, wrinkles, stretch marks, etc.

**The following are some of the properties of leather that you should be aware of:**

Leather is a natural product and is a beautiful and lively material used in furniture making. Each hide is unique in its structure, appearance, nuance and size. Ekornes may use several hides when making your furniture. This, together with the leather's play of colors and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

**The following applies to all types of leather used by Ekornes:**

Hide absorbs dyes differently and therefore the leather may have color nuances. These are due to dissimilarities and different fiber structures, which affect the coloring of the hide and how the hide absorbs the dyes during the tanning process.

All our leather qualities are deep dyed, but there could always be a deviation between the basic color of the hide (the color of the side that faces the upholstery side of the furniture), and the color of the grain side (the external side) i.e. the color of the outer layer. This is normal. It is possible to use the same basic color for leathers with different top colors.

Dyes and dyeing methods may vary between the different leather colors and leather qualities. Therefore the basic color and the color of the top layer (which forms the wear layer and the final desired color of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone color effect (shadow/antique effect). Leather dyed with a two-tone effect may change character faster and wear more unevenly than leather with just one color. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top color is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top color changing character, cracking or peeling off.

Please note that denim clothing and jeans may leave color on the leather which is difficult to remove without risking destruction of the top color of the leather. Light leather colors in particular are vulnerable to such color contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in color may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

*Remember: leather has a relatively long life-time but can easily be destroyed by incorrect handling.*

**Stressless® Fabrics**

Our specially selected fabric collection meets the most severe requirements in the furniture trade. Stressless® fabrics are produced according to strict conditions with respect to nature; they are also prepared for heavy-duty use, light tolerance and flammability. Choose from the Cocoon, Oasis, Ocean, Siena, Spa and Dinamica ranges in a wide selection of colors that match your interior.

**About fabric**

Please note that color changes will occur with time, as a result of use and the effect of light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your chair or sofa, the fabric upholstery upholstery should be regularly cleaned.

**The Stressless® wooden colors**

Made from laminated European beech, a light-colored wood with an attractive grain, exceptionally suitable for staining in various colors. Also, the strength of the wood makes beech furniture extremely durable.

**EKORNES® PEGASUS TABLE**

The design complements the Pegasus collection with curved wood legs. A shelf beneath the tabletop is a good place to store newspapers, magazines and remote controls.

W: 50" H: 19" D: 30 1/4"

**EKORNES® WINDSOR TABLE**

Enhance the décor of your home with our Windsor Table. It features sleek, simple lines with a shelf below, perfect for storing remotes, books and magazines. The Windsor Table is designed to complement both the Windsor and Buckingham series.

W: 51 1/2" H: 19" D: 27 1/2"

**EKORNES® CORNER TABLE**

The free-standing Corner Table fits perfectly between two Stressless® recliners, two sofas or a recliner and sofa. An ideal solution for home theater seating, or for any grouping when space is at a premium.

W: 27 1/4" H: 19" D: 23 1/2"

**EKORNES® ELLIPSE TABLE**

Flexible and easy-to-move, our Ellipse Table keeps everything at hand wherever you choose to sit. Simply slide it in close, to maximize your comfort zone.

W: 15" D: 19 1/4" H: 21 1/4"-29 1/4"

**STRESSLESS® FLEXI TABLE**

Exclusively designed in stainless steel, and glass. This table is height-adjustable and the glass plate can easily be tilted and transformed into a standing PC-table for Stressless® Blues and Stressless® Jazz.

W:15" L:19 1/4" H: 21 3/4"-27 1/2"

**STRESSLESS® DOUBLE OTTOMAN**

The Double Ottoman has plenty of leg room for two, plus ample storage space inside. The optional table top serves as a handy refreshment table that can be placed on the ottoman when needed.

W:47" – 60 1/2" H: 17 1/4" D:24"

**STRESSLESS® OVAL OTTOMAN**

The Stressless® Oval Ottoman has a removable pillow, thus doubling as a convenient table. When you don't need it to rest your feet on, simply store the pillow below the tabletop.

W:37" H:16 1/4" D:19 1/4"

**STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN**

Our ottoman is ingenious in at least two ways. It has a built-in tilt system, which makes sure the angle of the ottoman is adapted to your sitting position. It also has room for all the extras, under its removable top. The ottoman comes in two sizes.
